

Re: The Treasure Coast

Hello, my name is Capt. Carl Fismer, A Treasure Hunter for many, many years; I am working with the Mayor of Ft. Pierce Florid to help promote the 300th Anniversary of the sinking of the Spanish Treasure Fleet which went to the bottom in a Hurricane in the year of 1715. I personally have worked 15 years on this Fleet, and have recovered over 6000 Gold and Silver Coins, both on the Beach, and in the water, thousands of Artifacts as well.

As I am sure you know legal metal detecting areas shrink on an almost daily basis, due to mostly unfair laws. The Beach's near Ft. Pierce, known as "The Treasure Coast", have produced thousands of coins and artifacts for about 60 years. Well it's still legal here, and we invite you to try you skills here this year.

My associate, Ms. Plythe Gibbons has a web site that will help you find Lodgings, Food, Shopping, Local Attractions, and has a Map showing the best areas for metal detecting. It's free, and can be downloaded at her website www.treasuresfp.com ;"TreasureofFortPierce".

Please pass this letter on to your membership, as I am sure they might want to pay us a visit. Thank you for your consideration. Treasures of Fort Pierce and Capt. Carl Fismer are also on facebook.

Thank You for Treasure and Pleasure,

Carl "Fizz" Fismer
